NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, in the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the debiting officer.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or occupation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *total*, *partial*, *temporary*, *permanent*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb, or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his personal opinion of the cause or origin of the disability. In the case of diseases by Medical Inspectors, the last paragraph will state that the discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the written certificate.

Par. 1260 Regulations, Feb. 1, 1871.

Medical officers, in giving certificates of disability, are to take particular care in cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, epistaxis, tetter, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sent. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental quartermaster, or post commander, who will forward them, with his endorsement thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge is given may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental post or detachment commander, who will if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the two certificates on this paper; one that the soldier is furnished with the proper final statement in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C., they will not, under any circumstances, be given into the hands of the soldier.

FINAL STATEMENT
R. 15-5.

Private Conrad Wittich, Co. C.

6th Reg't of *Cal. Vol. Infantry*

VOLUNTEERS.

Disch. May 15, 1864.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment entered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and his family must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased *and* drafted men, as well as for others.

NOTE 8.—Where a Soldier d-i-e in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

Duplicate sent to the Sec'y War 12/65

VOLUNTEERS.

Disch. July 3. 1864.

NOTE 1.—Two of three certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMANDING OFFICER commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been mounted on his own horse.

Jefferson Co. Kentucky

State of _____ County of _____ SS.

I, _____ Clerk of the _____ Court, within and for the County and State aforesaid, do hereby certify that _____ Esq., before whom the foregoing Declaration and Affidavit were made, and who has thereunto signed his name, was, at the time of so doing, a (9) _____ in and for the County and State above named, duly commissioned, qualified, and sworn; that all his official acts as such are entitled to full faith and credit, and that his said signature, as it above appears, is genuine.

Gives under my hand and seal of _____ Court, at Office _____ in _____ this _____ day of _____ A. D. 18 _____

Clerk,

Court.

REMARKS.—The Record Auditor, in case the Deputy authenticates the Clerk's certificate, requires evidence that the Deputy is duly appointed and authorized by law to sign the Clerk's name and use the seal of the Court, else the authentication by the Deputy is good for nothing—therefore it is better to have the Clerk's own authentication at once, and thus save the trouble and expense of a general authentication certificate respecting the Deputy.

INSTRUCTIONS

"Company," "Infantry," or "Artillery," Volunteers of _____ (here give State) _____ naming the troops as indicated according to the arm of the service to which they belong if of the regular service, in place of the foregoing add: "United States Infantry," "Cavalry," or "Artillery," as the case may be.
3. "Volunteer," or "Artillery," or "was Drafted," as the case may be.
4. "Surgeon's Certificate of Disability," "Expiration of Term of Service," "Service being no longer required," "Orders to that effect" or whatever may have been the cause of the discharge.
5. Here state the number of dollars received as Bounty, or if none has been paid say "No."
6. Here insert the amount of Bounty claimed and under what Act.
7. "I was No _____ on _____ street, between _____ and _____ streets, in the City of _____ in the County and State aforesaid;" or if, on the other hand, the applicant resides in the country instead of the city, in place of the foregoing say: "on the wagon (or rail) road leading from _____ to _____ about _____ miles from _____ the County seat of _____ County, State above named."

If discharge is not sent, it must be so stated in the declaration, and its absence accounted for. The first christian name of the applicant should always be written out in full in connection with the rest of his name. The insertion merely of the first initial letter of the name will not answer—remember this and save future trouble.

FINAL STATEMENT

R. 158.

OF

Frank J. Langer

6th Reg't of Kentucky Inf

Co E

VOLUNTEERS.

Full Pay 15. 1864

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMANDER of the company will certify to the act of the delivery of the duplicate certificates, on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment commenced on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements his descriptive list, if he has one, should be taken up by the officer who gives the final statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the closing account and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full and standing of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Laurence must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, other than money actually collected from the United States.

NOTE 7.—This blank will be used for deserters, volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, to duplicate, to the Second Auditor, Washington, D. C.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, nature, and all the circumstances under which the injury occurred, or disease originated or appeared; the service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may be known as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of any person having such knowledge, will be appended—such as in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care will be taken to state the degree of disability—as *h. p.*, &c.—to describe particularly the disability, wound, or disease, to the extent to which it deprives him of the use of any faculty, or affects his health, strength, activity, occupation, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his personal opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by command of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, will take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall a certificate be given until after sufficient time and examination to detect any attempt at fraud.

DIRECTOR, U. S. ARMY.

This certificate will be made out in duplicate, one for the soldier's company commander, or other officer commanding the company to which he belongs and sent by him to the surgeon who is in charge of the hospital where the soldier is sick. The surgeon then fills out and signs the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who forwards them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or of to whom the authority to discharge enlisted men may be delegated.

These certificates, after having received the action of the proper authority to which they are required to be sent, will be retained through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the certificate on this paper, and that the soldier is furnished with proper final statement in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

From Cairo Illinois

Nature of Service,

41

NOTE 1.

The company commander will here add statement of all the facts known to him concerning the cause or wound, or nature of disability of the soldier; the place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l.*, *r.*, *l.*, *r.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Ed. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be faked or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the indorsement on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given back to the hands of the soldier.

NOTE I.

The company commander will here add a statement of all the facts known to him concerning the disease or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or assumed it; the service, or situation of the soldier at the time when the report was received or disease contracted, also stating whether the injury was received or the disease contracted in the line of his duty; and what consideration he gave as a judgment as to the cause, in cases where there was doubt, and in such instances as may occur.

When the facts are not known to the company commander, the statements of any other, or a medical person having such knowledge, will be taken by the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

Medical officers should report cases of disability, and take particular notice of cases that have not been under their charge, and especially in epilepsy, convulsions, chronic rheumatism, derangement of the uric acid, gout, ophthalmia, dropsy, or any obscure disease which is not forced or put on by practice; and in no case shall credence be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the military commander, or other officer commanding the corporate detachment to which it belongs and sent by him to the engineer who has charge of the hospital where the soldier is sick. The engineer will then direct and sign the engineer's certificate, and forward same papers to the regimental, department, or post commander, who will forward them, with his name endorsed thereon, through the proper channels, to his division commander, or, if the troops be not assigned to a division, to the corps commander, or, if the troops be not assigned to a corps, to the army commander, or other commander-in-chief, or designated.

These certificates, after having received the action of the highest authority to whom they are required to be sent, will be returned through the same channel to the regimental, post, or divisional commander, who will, if the discharge is authorized by the commandant of the proper authority, sign the soldier's discharge, and if a discharge on the paper; or, if the soldier is forwarded with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound or other disability of the soldier: the time, place, manner, and all the circumstances under which the same occurred, or was contracted or acquired; the date, service, or station of the soldier at the time the disease, or wound, or other disability was contracted, stating whether the same was received or the disease contracted in the line of duty; and whether or not the same was a permanent and total cause, immediate or remote, of disability, and the circumstances attending it.

When the same is not known to the company commander, the commander of any other, or attached, or permanent hospital, or other place, with the hospital or surgeon in charge of a hospital, the district commander, or detachment of recruits, &c., &c.

NOTE 2.

When a medical case for pension, special care must be taken to state the nature of the disability—as a, b, &c.—to describe precisely the disability, wound, or disease, the extent to which it interferes with the use of any limb, or faculty, or power of vision, strength, activity, capacity, or ability to bear or earn his subsistence. The surgeon will state the knowledge of the time and circumstances, and from the evidence in the case, his personal opinion of the cause or origin of the disability. In the case of chronic diseases, medical inspectors, the last paragraph will state that the discharge was given by command of the surgeon, after a personal examination, and that the disability, the nature, cause, and origin of which are correctly described, is a permanent one.

Part 122, Regulations, April, 1861.

Medical inspectors, in giving certificates of disability, are to take particular care in all cases that have not been usual in their charges, and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, &c., or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment in which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the duplicate certificate, and forward them to the regimental detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to the division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, and that the soldier is furnished with the proper final statement in duplicate, and forward both of these certificates down to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

I have the honor to tender my resignation as Capt. of Comp'y. (A). 7th Ky. v. & D. for the following reasons: I have served in the Army since October 1861. over three years of which time I have been an Officer: I received yesterday a telegraphic dispatch from my home in Kentucky notifying me that there is a Clerkship in Banks vacant, and waiting for me. I can not obtain it unless I go home immediately: as there is both a first and second Lieutenant present for duty with my Company, which numbers 57 men present, I can be easily spared. I certify on honor that all my returns, both to the Quartermaster and Ordnance Dept. have been made out and forwarded at the proper times: That I am in debt to the Ordnance Dept. for articles short on my returns to the amt of \$20.08 and to the Quartermaster's Dept for a sum of less than

I CERTIFY, ON HONOR, That I have carefully examined the above-named Volunteer, according

previously to his enlistment, and that he was entirely sober when enlisted; that, to the best of my

duties of an able-bodied soldier, I have strictly observed the Regulations which govern the recruiting

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or assistant of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as 4, 3, 2, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will aid, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1500 Regulations, Gen. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.
